Let's talk data and SQL!

Saturday, May 20th
1:00pm - 4:00pm

MESA Student Lounge
1701 Broadway, RoomBE 3221
Seattle, WA 98122

We're a supportive community that empowers women learning to code, by hosting free tech workshops. That said, we believe that *any gender* who would like to learn how to code should always have the opportunity to learn. It is in this spirit that we guarantee that *anyone from any education level will always be welcome.*
